FROM OUR PRESIDENT

It is with great happiness that I welcome you to MCSA's 2021 Summer Conference. This is our association's first in-person gathering since the COVID-19 pandemic began over a year ago.

Over the past year, all of us have had to become more technologically knowledgeable and capable. MCSA was no exception. We launched monthly webinars that are being used as a resource by our whole profession, secured new grants through our digital prowess, and strengthened relationships with federal and corporate partners through our leadership on initiatives like the National Sheriff's Institute.

This week's conference is focused on the emerging new technologies that will define our profession's future. From automated programs in corrections to the latest evidence-gathering software in policing, MCSA wants you to have access to leading edge innovations so you can fulfill your mission more quickly, thoroughly, and securely.

We are honored to have several high-level partners with us this week to discuss those technological developments, especially the Director of the Federal Bureau of Investigation Christopher Wray. We have a full and compelling agenda to cover together, which will only be further enhanced by our opportunity to finally discuss these ideas face-to-face again.

I look forward to spending this week together as an association and as colleagues. Thank you for joining MCSA here in Asheville, and welcome!

Peter J. Koutoujian

President, Major County Sheriffs of America

Kim Wagner
Executive Director, Major County Sheriffs of America
kwagner@mesheriffs.com

Dear President Koutoujian and Executive Director Wagner,

Please accept this letter as my notice of intent to run for the position of Vice President of the Major County Sheriffs of America.

I am proud to be a member of the MCSA. I believe that my 43+ years of law enforcement experience, including more than 14 years as sheriff, my previous experience as president of both the California State Sheriffs Association and the California Police Chiefs Association, and my time as a Regional Representative to the MCSA Executive Board, have all combined to prepare me to serve as the Vice President of our organization. I have attached my professional resume which documents my experience and qualifications.

These are challenging times in so many ways for those of us who are leaders in the law enforcement and corrections profession. Hostile attitudes on the part of some towards law enforcement, evolving views on the incarceration of offenders, the increased sophistication, availability and use of technology, and the disturbing prevalence of rising crime, rising costs and declining local government revenues are all challenges facing America's law enforcement leaders and agencies. It is more important than ever that America's major county sheriffs support one another and speak with one strong and unified voice at the national level. I would be honored to hold the position of Vice President and, if elected, I will do my best to serve and support incoming President Dennis Lemma and the MCSA to the best of my ability.

I thank my fellow sheriffs in advance for their consideration, I ask for their vote, and, as always, I thank you both for your outstanding service to our organization.

Sincerely,

BILL BROWN

On behalf of MCSA, I oversaw the Threat Review Prioritization Project through MCSA Intelligence Commanders Group in partnership with Major City Chiefs Association. Both MCSA and MCCA Intel Commanders collaborated to identify, mitigate, and prevent threats to our communities. The results were presented at the 2019 Joint MCCA/MCSA Conference and the MCSA Summer Conference.

I will continue to provide Sheriffs' viewpoints and policies regarding complex and challenging issues we face in law enforcement daily when requested by the Executive Administration or MCSA.

Due to Loudoun County's close proximity to the Washington, DC regional area, my availability to attend roundtables or committee meetings – with minimal notification – provides an additional benefit for MCSA. When I initially announced my intent, I conveyed that my connections, proximity to DC, and possessing an active Top Secret/SCI Clearance, provides me a unique access to sensitive and intelligence information not available to most law enforcement officials.

MCSA EXECUTIVE BOARD ELECTIONS

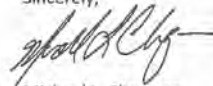

Our agency has dedicated resources allocated to the Drug Enforcement Administration Diversion Task Force, FBI Joint Terrorism Task Force, FBI Domestic Terrorism Task Force, FBI WFO Child Exploitation and Human Trafficking Task Force, FBI Washington DC Metro Safe Streets Task Force, United States Secret Service National Capital Regional Cyber Fraud Task Force, Washington Baltimore/High Intensity Drug Trafficking Area, Virginia State Police Internet Crimes Against Children Task Force, and the Northern Virginia Gang Task Force. MEET THE SPEAKERS

THE HONORABLE TROY NEHLS

CONGRESSMAN
TEXAS - 22

Congressman Troy Nehls proudly represents the 22nd Congressional District of Texas in the U.S. House of Representatives. Texas' 22nd Congressional District includes portions of Fort Bend, Brazoria, and Harris counties. Prior to his election to Congress, Troy served our district for nearly 30 years in law enforcement and served our country 21 years in the US Army Reserve.

At the age of 19, Troy enlisted in the U.S. Army Reserve. He deployed on combat tours to Iraq and Afghanistan, among other places. After 21 years of service, he retired with the rank of Major and as the recipient of two Bronze Star medals. Back home, Troy continued his service through law enforcement, a multi-generational tradition for his family.

In 1994, Troy began his law enforcement service with Fort Bend ISD. He spent the next twenty-six years serving Fort Bend County in various law enforcement roles. From 2004 to 2012, he served two terms as the elected Constable for Ft. Bend County Pct. 4. After two successful terms as Constable, Troy was elected as Fort Bend County Sheriff in 2012. In 2016, Troy was re-elected and completed his second term in December 2020.

In his 8 years as Sheriff, Troy maintained his fiscal conservative principles while managing the 826 staff and \$79 million budget of the Fort Bend County Sheriff's Office. He created cutting edge recidivism reduction programs like HVAC and welding training programs for non-violent Fort Bend County jail inmates, at no cost to taxpayers, so the inmates had job ready skills when they were released. He used his position as Sheriff to advocate increased awareness of mental illness, even hosting large seminars. He even took steps to start a specialized mental health unit at the Sheriff's Office who responds to mental health calls. Most notably, in his eight years as Sheriff, burglaries were reduced 60%, aggravated assaults were reduced 27%, and robberies were reduced 31%.

Troy was officially sworn in as Congressman for Texas' 22nd District on January 3rd, 2021. Troy received his bachelor's degree from Liberty University and his master's degree from the University of Houston Downtown. He resides in Richmond with his wife, Jill, daughters, Jenna, Cambry, and Tori, and their four dogs Archer, Buddy, Boo, and Lulu. They worship at Faith United Methodist in Richmond.
