# FROM OUR PRESIDENT

**To** our member sheriffs, corporate partners, Congressional members, federal agency officials, and fellow members of law enforcement, allow me to welcome you to MCSA's 2022 winter conference!

As always, the MCSA Executive Board has worked hard to make this a valuable and engaging conference. Over the next few days, you will be able to hear from members of Congress, Cabinet secretaries, and leaders from across government and business. You will also notice that many of our speakers are sheriffs themselves. We have broad and deep experiences amongst our membership, and I believe that sharing that knowledge can only help us as individual leaders and as a collective profession.

On a personal note, this will be my final conference serving as President of this incredible organization. I am deeply grateful for all of the sheriffs and partners who helped make MCSA a vibrant and successful organization over these past two years, especially in light of the challenges we were presented. It has been an honor to serve alongside some of the brightest minds in law enforcement and government, and I thank my fellow sheriffs for the opportunity.

I am also deeply excited for the future accomplishments that will be achieved by our new leadership, President Dennis Lemma and Vice President Bill Brown. These two Sheriffs already have storied careers in service to law enforcement and lead with great humility. They are tailor-made to bring MCSA to its next peak as an organization. I know we will all be cheering them on as they do.

Thank you all again for your continued commitment to MCSA and to the work of our profession. I look forward to celebrating and learning with you over the next few days.

**Peter J. Koutoujian**  
President

Her grandfather was a scientist at the University of Wisconsin-Madison and her grandmother was a gifted artist and seamstress who became chief costumer of the University of Wisconsin-Madison Theater Department.

Tammy graduated from Madison West High School and went on to double-major in political science and mathematics at Smith College. In 1989, she received her law degree from the University of Wisconsin Law School.

In 1986, while in law school, she served on the Madison Common Council. Tammy was then elected to four terms (1986-1994) on the Dane County Board of Supervisors. In 1992, Tammy was elected to the Wisconsin State Assembly as a State Representative for the 78th District, serving three terms.

In 1998, Wisconsin's 2nd Congressional District shattered the state's glass ceiling and elected Tammy as the state's first female member of Congress and the nation's first openly gay challenger sent to Congress. She served seven terms in the House of Representatives, serving on the Budget Committee, the Judiciary Committee, and the Energy and Commerce Committee.

Elected to the U.S. Senate on November

6, 2012, Tammy won a hard-fought race and made history as Wisconsin's first woman to serve in the U.S. Senate and the first openly gay member elected to the U.S. Senate. In 2018, Senator Baldwin was re-elected by the people of Wisconsin with 55.4% of the vote.

In the Senate, Senator Baldwin is committed to working across party lines to strengthen the essential pillars of economic security for working families: investments in education and workforce readiness, building a strong Made in Wisconsin manufacturing and agriculture economy, quality health care for all Americans, and protecting the retirement security of today's seniors and future generations.

As a leader in the Senate championing stronger Buy American policies, Senator Baldwin has worked across party lines to support our workers, manufacturers, and businesses. She has supported Made in America legislation, and pushed Presidents of both parties, to require the

federal government to give preference to American companies and spend taxpayer dollars on American-made products and American jobs. Senator Baldwin worked to include Buy American reforms in the Infrastructure Investment and Jobs Act, which makes a historic investment to create jobs and rebuild America's infrastructure. The bipartisan legislation invests in fixing our roads and bridges and rebuilding our water infrastructure, including help for local communities to replace lead service lines and address Per-and polyfluoroalkyl substances (PFAS) chemicals so that we provide safe and clean drinking water to people across our state. It also expands access to affordable and reliable high-speed broadband for Wisconsin families, students, small businesses, and farmers.

In response to the COVID-19 pandemic, Senator Baldwin supported legislation to fund and distribute vaccinations, deliver stimulus checks and expanded tax cuts for working families, extend unemployment insurance to those out of work, and provide federal funding to small businesses, schools, and state and local governments to help them get through the public health and economic crisis.

Senator Baldwin serves on the Senate Committee on Health, Education, Labor and Pensions (HELP), the Senate Committee on Commerce, Science, and Transportation, and the Senate Appropriations Committee. She is also Chair of the Senate Appropriations Subcommittee on Agriculture, Rural Development, Food and Drug Administration, and Related Agencies.

## THE HONORABLE JOHN CORNYN

U.S. SENATOR  
TEXAS

In 2020, Texans overwhelmingly re-elected Senator John Cornyn to represent them for a fourth term in the U.S. Senate.

Since he was first elected in 2002, Sen. Cornyn has earned a national reputation as an articulate and powerful voice for Texas and conservative values in Washington. Sen. Cornyn, a San Antonio native, strongly believes that we need more Texas solutions in Washington, which is why he consistently fights to bring the Lone Star State's commonsense solutions to the federal level.

He has committed himself to strengthening our national defense, securing our borders, repairing our broken immigration system, and strengthening the economy by keeping taxes low, reducing federal spending, and fighting job-killing regulations from Washington bureaucrats. Sen. Cornyn has also been a tireless advocate for Texas military personnel, veterans, and their families, and he has fought to provide these brave Americans with the best possible support, care, and benefits.

Sen. Cornyn serves on the Senate Finance, Intelligence, and Judiciary Committees, where he helps craft legislation on behalf of 29 million Texans. From 2013 until 2018 Sen. Cornyn was chosen by his colleagues to serve as the Whip, the second-highest ranking position in the Senate Republican Conference.

Sen. Cornyn has served the people of Texas for the nearly four decades, first as a district judge and later as a member of the Texas Supreme Court and Texas Attorney General. He received his undergraduate degree

from Trinity University, his law degree from St. Mary's School of Law, and his LLM from the University of Virginia Law School.

Sen. Cornyn married his wife Sandy in 1979, and they have two grown daughters.

## THE HONORABLE RICK SCOTT

U.S. SENATOR  
FLORIDA

Rick Scott was elected to the U.S. Senate in 2018 and is currently serving his first term representing the state of Florida. Prior to his election to the U.S. Senate, Rick Scott served two terms as the 45th Governor of Florida, working every day to turn around Florida's economy and secure the state's future as the best place for families and businesses to succeed.

Rick Scott grew up in public housing in the Midwest as his adoptive father, a World War II veteran and truck driver, and his mother, a store clerk, struggled to financially support their family. After marrying his high school sweetheart, Ann, Rick Scott joined the Navy, where he served active duty as a radar man aboard the USS Glover. He used the G.I. Bill to attend the University of Missouri,

Kansas City, and eventually opened his first business – a donut shop. Rick Scott went on to run the world's largest healthcare company and continues to fight every day so families across the state can have the same opportunities he had to live the American dream.

Rick Scott knows firsthand that a good paying job is one of the most important

things for a family, and following Florida's economic collapse ten years ago, he made the decision to run for governor as a businessman with no political experience. During his term as Governor, he successfully championed more than \$10 billion in tax cuts and cut thousands of burdensome regulations that led Florida businesses to create nearly 1.7 million new jobs. Under his leadership, the unemployment rate dropped from 11 percent to 3.3 percent, Florida paid down \$10 billion in state debt, and record investments were made in what matters most to Floridians – education, the environment, and public safety.

Rick Scott and his wife, Ann, have been married for 49 years and have two daughters, Allison and Jordan, six grandsons, Auguste, Quinton, Sebastian, Eli, Louie and Jude, and one granddaughter, Zelda Ann.

## THE HONORABLE TIM SCOTT

U.S. SENATOR  
SOUTH CAROLINA

As a leader on tax reform, education and job training, and innovative ideas to reinvest in our nation's distressed communities, United States Senator Tim Scott brings a unique perspective to the United States Senate. Growing up mired in poverty in a single parent household, Tim says that he is living his mother's American Dream, and through his Opportunity Agenda works every single day to ensure every American family has the opportunity to succeed. Senator Scott has served the great state of South Carolina in the U.S. Senate since 2013 and brings with him a mission to positively affect the lives of a billion people with the message of hope and opportunity. Growing up poor in a single-parent household in North Charleston, South Carolina, Tim watched his single mother work 16-hour days as a nurse's assistant to keep him and his brother afloat.

As a freshman in high school, Tim nearly failed out, flunking four

classes. However, the next year, he met his mentor named John Moniz who shared life-changing ideas and the basic principles of business with Tim. Through hard work, education, innovation, and with the discipline his mother gave him, he began the process of turning his life around. The lessons gleaned from his mentor still guide Tim today: you can think your way out of poverty, and financial independence is a stepping-stone for success. Having a job is a good thing, but creating jobs is a great thing.

An unbridled optimist, Tim believes

that despite our current challenges, our nation's brightest days are ahead of us. During his time in office, he has been a tireless advocate for creating more opportunities for families living paycheck-to-paycheck and helping children who are mired in poverty have access to quality education. He launched his Opportunity Agenda, a legislative package aimed at achieving these goals, as well as the Senate Opportunity Coalition, a group of Senators committed to helping those in need.

Tim also knows that in order for our nation to prosper, we must get our spending and national debt under control. He has sponsored balanced budget amendments throughout his time in Congress and will continue working to restore fiscal sanity in Washington.

Prior to public service, Tim built a successful small business of his own. He was first elected to Charleston County Council, to the South Carolina State House, and the U.S. House of Representatives. In January 2013, Tim was sworn in as a United States Senator from South Carolina and was re-elected in January 2017.
