#GotYouCovered

The months of April and May brought many challenges to the officers and staff in MCSA offices around the country. At this time of need MCSA Premiere Diamond Partner, Axon, lead the way in assisting our offices. As part of their **#GotYouCovered** Campaign, Axon sent much needed PPE supplies to MCSA offices at the onset of the COVID-19 pandemic when they were not readily available. Axon provided hand sanitizer, masks and gloves to MCSA member offices. Nationwide, this campaign provided surgical masks, hand sanitizer and gloves to over 7,000 agencies representing more than 1.5 million public safety professionals.

Additionally, Axon provided 25 stipends of $2,500 each to MCSA member offices for the "Axon Food and Shelter Program for First Responders. The funds were provided to give MCSA member office employees a thank you for their COVID-19 sacrifices with food, snacks, donuts and hotel stays as many worked long hours away from loved ones during this national emergency.

Thank you Axon.
