Statement of MCSA President Peter J. Koutoujian

The outrageous actions of rioters storming the Capitol and disrupting the democratic process run counter to the ideals on which this nation is based. There is no place for violence on our streets, nor in the halls of government in the United States.

The members of the Major County Sheriffs of America stand with the Capitol Police and our public safety colleagues in Washington, D.C. who are working to ensure the safety of those working in, and around, the Capitol.

We keep all our law enforcement colleagues, members of Congress and their staffs in our thoughts and prayers.
