Major County Sheriffs of America Statement on President's Executive Order

The Major County Sheriffs of America (MCSA) appreciates the President's action to advance law enforcement accountability and preserve public safety through his Executive Order.

Policing is a noble, diverse and service-oriented profession. As executives, however, we support the need for reform. We recognize that not all individuals feel equally protected by law enforcement and we are committed to helping change this. Today's Executive Order is one step in a process that must include comprehensive legislative action and continued efforts by law enforcement to build trust through ongoing dialogue and community engagement. These are efforts our MCSA member agencies undertake on a daily basis and will continue to do so.

MCSA is committed to working closely with the Administration, Congress and community stakeholders to achieve the necessary changes needed to re-establish the public trust while preserving public safety.
